# General Legislative Session

## Quick Guide

The following Quick Guide is to draw your attention to bills that you need to review for necessary or potential action. However, please be aware that many bills passed and will have an impact on your municipality. Also, the bills in **Green** are bills that have been identified as bills that will have a fiscal impact (negative or positive).

We have broken the bills down by category for your convenience. Many bills fall into multiple categories. They have been sorted by the most prominent category to which each bill applies. The categories are as follows:

 Air Quality	 Land Use
 Building Code	 Public Safety
 Elections	 Retirement/Benefits
 Finances	 Transparency
 General Government	 Transportation
 Judiciary	 Water

**Air Quality**

---

No air quality bills from the 2018 Legislative Session require any municipal action.
