## Notes:

- i) 4th Quarter 0.10% to cities or unincorporated county areas based on 50% population and 50% point of sale (POS).
- ii) 4th Quarter 0.05% for counties, by point-of-sale.
- iii) 4th Quarter 0.10% for transit in cities and counties with public transit service, or for counties for other transportation needs in areas without public transit, by point-of-sale.

## Assumptions

- Sales tax estimates are based on ULCT CY2017 taxable sales, excluding food.
- 2) CY2017 sales inflated to CY2019 using an average CPI from 2008-2017 of 1.70%.
- 3) This analysis assumes all counties in the State implement the "4th quarter" local option sales taxes for transportation. Counties with gray shading have already implemented the 4th Quarter option.
- 4) The opportunity for the 4th quarter option expires in Salt Lake and Utah Counties if not used by June 30, 2022.

<sup>\*</sup> transit - identifies those municipalities with public transit service and the option to levy 0.10% sales tax for public transit service.
